 <https://github.com/GMalzac>

After **7+ years of management consulting** in financial services developing *soft skills* and my knowledge of the banking sector, I have completed a coding bootcamp (Le Wagon) in London.  
I now aim at using my newly acquired skills - combined with the set of skills I learned as a consultant – as a **full-stack developer**. Looking for **dynamism** and **ambitious challenges**, I am available starting **mid-may**.

## EMPLOYMENT HISTORY
